Key Summary Points

- **Approval of past meeting notes:** noted changes to attendance
- **Debrief May Stakeholder's Meeting**
 - Presented a summary of 5 common themes that were raised up as potential gaps in our community as result of the COVID-19 Pandemic. The 5 themes were homelessness, mental health/substance use services, child care, access to technology, and food insecurity.
 - Discussed possible roles for WHI to fill gaps that do not have another natural lead. The possible roles were narrowed in to be either advocacy, education & messaging, or a connector role.
 - Next steps to continue developing summary:
 - CHRT staff will seek out information from community leaders to identify the key barriers within each theme and ask for their opinions on whether or not there is a role for WHI.
- **Work Group Updates – Mi Community Care (formally SIM)**
 - SIM has been officially renamed.
 - At next month's Steering Committee, we will review key operational statistics.
